Profile

Product designer with eight years of experience making complicated services simple, from council tax forms to hospital booking. I like research, clear writing and working closely with engineers.

Experience

Lead product designer · Northgate Health · 2023 – present

- Redesigned outpatient booking; missed appointments fell by 18 %
- Built the design system now used by five product teams
- Mentor to four designers; run the monthly design critique

Senior designer · Civic Forms Ltd · 2019 – 2023

- Led the move of 40 paper forms to accessible online services
- Ran usability studies with more than 200 residents
- Cut average completion time for the benefits form from 31 to 12 minutes

Designer · Studio Haverly · 2016 – 2019

- Websites and apps for charities and small businesses
- First design hire; set up the studio's research practice

Skills

Research	Interviews, usability testing, diary studies
Design	Prototyping, interaction design, typography
Accessibility	WCAG 2.2, screen reader testing, plain language
Tools	Figma, HTML and CSS, basic JavaScript
